ILLUSTRATED DICTIONARY OF AGRICULTURE

Lotus Press Publishers & Distributors, 2005. Softcover. Condition: New. Agriculture is the science art and industry that is involved in the growing of plants and breeding of animals for human use. It involves all the processes like irrigation, sanitation, drainage, as well as developing newer and better varieties and breeds of both plants and animals. This exactly what is the job of the agricultural engineers, who keep developing improved and high yielding varieties as well as better fertilizers, pesticides, weedicides,...
